

## 01 /Why us?

- I have secured AIR 87 in Gate chemical engineering exam 2019 and I have cracked various interviews. So I think what sources I have followed during my preparation I should share with aspirants of gate exam. If I could crack the exam and get into various organizations using these sources so anyone can do it.
- I have here by in my site shared the detailed strategy required for the gate
- All the relevant standard books and material is being shared.

## 02/What is Reality?

- I have seen through a survey that students are talented and brilliant at mind. But still are not getting quality guidance and path towards gate exam. They are struggling. Strugglers can introspect and see, its true.
- We want to help in making their identity, become future leaders and make our state proud.

## 03/Free guidance

- The preparation has become the prerogative of people who can afford coaching fees of hundreds of thousands. But still students don't get the required education to crack exam.
- Student who cant afford are deprived of quality education.
- This site details the detailed material required for gate exam preparation. So here I stand to help the needy students.

## 04/ For whom

- This recommended material is for all 3<sup>rd</sup> year, 4<sup>th</sup> year, pass-out students and working professional.
